

CONFIDENTIAL

JOURNAL

OFFICE OF LEGISLATIVE COUNSEL

Thursday - 3 October 1968

25X1 1. [] In response to a query from Robert
25X1 Michaels, House Appropriations Committee staff, and after checking
with [] OCI, I said we had no evidence of Soviet attempts to
obtain a naval base from India. I said speculation in this regard might
have resulted from the fact that the Indians were acquiring several
submarines from the USSR and were constructing, with the assistance
of Soviet technicians, a base on the Indian Ocean to support these sub-
marines. Michaels said the request was originated by Representative
Sikes (D., Fla.).

25X1 2. [] Met with Miss Patricia Price,
in the office of Representative Barber Conable, and reviewed with her
a set of Agency employment applications and the applicant information
sheets. Miss Price was most appreciative and indicated that the set
of application forms should be adequate for Representative Conable's
use in responding to a constituent inquiry concerning requirement of
polygraph in processing for employment with the Agency.

25X1 3. [] Received a call from Miss Dorothy
Fosdick, Staff Director, Senate Subcommittee on National Security
and International Operations, who advised that Mr. Stanley Monroe,
of Senator Jackson's staff, would be lunching today with []

25X1 [] Miss
25X1 Fosdick requested a brief biographic sketch of []
Miss Fosdick also noted that Senator Jackson was extremely pleased
with the excellent briefing our people provided yesterday and indicated
the Senator will be making a speech today that will be of interest to us.

After checking with [] a short biographic sketch was
25X1 provided. Miss Fosdick called again later in the morning and inquired
25X1 whether additional information on [] local activities
and contacts is available. I referred her to the Federal Bureau of
Investigation for this information.
